That sounds great, Jason. Ross Geredien is an ORISE fellow in our branch who has been here for over three years – his specialty is mining GIS work and environmental engineering, and he's provided support for other elevations and the Spruce 404(c) action.

Thanks!  
Erin

Our call is at 9:30 PST, and I'll send any updates to you Russ and Dave immediately following. Who is Ross?

Good morning, Jason,  
Thank you so much for sending these and the other follow-up materials after yesterday's call. We hope that the conversation between Jared and the Colonel goes well this morning – what time will that take place?

I jotted down that you might also be sending more notes after the RA/Colonel meeting occurs so that we can pass something on to Ken in time for the CEQ call at 3 Eastern/Noon Pacific. Please let us know if you're still

planning to send anything additional so that we can also plan accordingly – ideally, we'd like to send any updated notes to Ken by 1pm Eastern.

Thanks very much,  
Erin
